- 1000-gallon tank

Tell Us Your Story...

Following an overwhelming response to the 2009 *Tell Us Your Story* contest, E-ONE is offering departments throughout the U.S. a second opportunity to win a new Tradition ES commercial pumper.

On December 1, 2009, E-ONE will begin the "Tell Us Your Story" contest in which your department could be eligible to win a new Tradition ES pumper. Simply visit www.E-ONE.com and in 500 words or less tell us why your department deserves to win.

Seven finalists will be announced on April 23, 2010 and the fire industry will vote online for the most deserving department. The winner will be announced during IAFC in E-ONE's booth (#3549 – McCormick Place) at 3:00 p.m. on Friday, August 27, 2010. Submit your entry online by March 8, 2010. One entry per department. No purchase necessary. Void where prohibited by law.

Visit www.E-ONE.com on December 1st for contest rules and "Tell Us Your Story."
