Cities with over 100,000

Proudly Serving New England's First Responders since 1979

* GREENWOOD HEADQUARTERS *

2 Vaillancourt Drive, North Attleboro, MA 02763 • 508.695.7138

*Our Service & Parts Center is just around the corner!
530 John Dietsch Blvd., - North Attleboro MA*

At Headquarters in No. Attleboro Massachusetts, we offer a state-of-the-art 18,000 sq. ft. facility with a full-time award-winning sales staff.

If you are in the market for an ambulance, fire truck, or service such as pump testing, remounts and refurbishments, we've have you covered.

* GREENWOOD NORTH: MAINE & NEW HAMPSHIRE *

19 Summer Street, Brunswick, Maine 04011 • 207.729.4738

Our Greenwood North Team has the same capabilities as our Headquarters with a newly built 3-bay service addition and renovated office!

With a new addition completed in 2023, our Brunswick Maine facility is a full service and sales center, staffed with full-time, certified technicians and sales representatives, who can provide all the services our Headquarters facility offers throughout the States of New Hampshire and Maine.

SALES

We proudly serve as the exclusive dealer for E-One, which is the one of the largest manufacturers of fire apparatus in the United States.

In addition, we are the exclusive dealer for Horton and Wheeled Coach ambulances as well as FLEX and C.E.T. vehicles for all New England States.

Our Sales Team is looking forward to hearing from you!

MOBILE SERVICE

Greenwood "On the Road" will handle your preventative maintenance, NFPA pump testing, pump service, light diagnostic evaluations, and repairs. Our Mobile Service Unit and Draft Commander 3000, along with our ASE/EVT certified technicians, are here to help at the convenience of your station. **508.809.9860 | ME & NH 207.729.4738**

TRAINING DEPARTMENT

Greenwood's dedicated team of instructors have over 100 years of combined experience in Fire Service, as both firefighters and instructors. Our Instructors know E-One, Horton, and Wheeled Coach, because they operate apparatus within their departments. Our instructors are Rhode Island and Massachusetts Fire Academy Instructors, and have multiple NFPA certifications, E.V.T Certifications, and college degrees.

Founded in 1974 E-ONE designed and manufactured the first modular, extruded aluminum fire truck and body. The innovative E-ONE structure has undergone extensive successful testing well beyond industry standards providing the highest safety and dependability for our first responders. Today, E-ONE is a global full-spectrum manufacturer of pumpers, tankers, aerial-ladders, platforms, rescues, industrials and ARFF's.

A brand of apparatus with decades of experience producing high quality fire apparatus. Custom or commercial pumpers, aerial ladders, tankers, and wildland apparatus are all made to the exact standards you have come to expect from Greenwood.

Our one-of-a-kind Horton ambulances are built to exceed standard safety requirements, with a higher level of structural strength, for the protection and durability your department demands.

With a legacy and passion to deliver mission-critical durability, Wheeled Coach ambulances are born to perform under the most demanding conditions—and built to be as unbreakable as the spirit of those we serve.

**OUR C.E.T AND FLEX VEHICLES CAN BE
CUSTOM BUILT FOR YOUR SPECIFIC NEEDS!**
